

Alexis Pieper has been selected as the new Elementary Principal for the Central City Community School District. She will begin her duties with the district on Tuesday, August 10, 2021.

Pieper's seven-and-a-half-year career in education started with being a Special Education Teacher in the North Butler Community School District followed by five years as a Special Education Teacher for the Cedar Rapids Community School District. Pieper began her leadership experience in the Cedar Rapids Community School District as a Special Education Facilitator. She has served as a Special Education Facilitator for the past two years at Madison Connections, an off-site behavioral school.

In her role as a facilitator, her background included working with staff to individualize education, integrate special education students into a general education setting and facilitate the start of the Madison Connections off-site behavioral school. Pieper also helped implement and support the work of the first magnet school in Cedar Rapids.

Alexis Pieper was raised in Marion, Iowa. She graduated from Marion High School then went on to obtain her BA from the University of Northern Iowa in Cedar Falls. Pieper then obtained her MA from Viterbo University in La Crosse, Wisconsin. She believes in being a life-long learner and continues taking courses to improve her practice.

Outside of work, Pieper is the proud mother of a soon to be one-year-old boy. He keeps her husband and her extremely busy. She also enjoys outdoor activities, traveling, and engaging in new experiences. Most recently, she tried skydiving for the first time.

Alexis Pieper is excited and grateful for the opportunity to be an Elementary Principal at Central City Schools. She is looking forward to getting to know and build connections with the people in the Central City Community School District.
